HERBACEOUS PEONY HYBRIDS

River Drive Peony Garden has had limited experience with growing herbaceous peony hybrids, so cannot vouch for their performances. However, the brilliant colors in these have made them a "must" for peony fanciers to add them to their gardens. We have root divisions from two and three year old plants of the varieties listed in the following.

OUR OWN ORIGINATIONS

LACTIFLORA

- ATTAR OF ROSES** 6.00
Double, medium pink, fragrance intense and delightful. One of the most fragrant of all peonies.
- BREAK O' DAY RED JAP** 2.00
Color changes as it develops from a deep red to a vivid brilliant pink. Long staminodes. One of the very few peony varieties that does not get washed out in color as the flower develops. Very fine show and garden variety
- CHIPPEWA** 2.50
A semi-double dark red of most outstanding color; good size, tall and a fine grower. Very floriferous. DOES NOT BURN IN THE SUN.
- DIGNITY** 8.00
A huge cup-shaped Japanese type, dark red with long prominent yellow staminodes; red on the opposite side. A very frequent selection for the Court of Honor. Very slow propagator. Tops in its class.
- DOROTHEA** 3.00
A very bright, vibrant, light red semi-double. This is a desirable variety for garden purposes because of its compelling and arresting color; a very good plant and a fine grower.
- DR. F. C. BECKER** 3.00
Light red, full double that eventually fades to a deep pink. Rose-type form, good plant; stock very scarce.
- ETHEL MARS** 4.00
Huge white double with occasional red markings on petals. Excellent plant habits, seedlings of Kelway's Glorious; in demand.
- GEORGE S. MORRILL** 3.00
Nicely formed dark red double that has some blue, reliable and fine in the garden on account of its desirable habits.
- HELEN HAYES** 3.50
Late deep pink double, bomb type. Tall grower with good plant habits. No stamens, color holds well.
- KATE SMITH** 6.50
Deep firey pink with a delicate orange suffusion—a decided color break—carries well in the garden. Fine plant habits, mildly fragrant.

OUR OWN ORIGINATIONS (Cont.)

- LOTUS QUEEN** 3.00
Large cup-shaped white Japanese type that has a greenish suffusion. Nature's duplication of a lotus flower in a peony, has lotus fragrance, too. Many times a winner in its class in major shows.
- MIDNIGHT SUN**—very dark red. Japanese, large, very neat and trim in form. Petaloids red, edged with gold, caspels cream. The plant is strong, of medium height. Stiff stems. Good foliage and fine substance. Midseason. A few roots available for 8.00
- MILDRED MAY** 2.50
Medium size semi-double, angelic white, blooms in sprays. Side buds carried on extra long stems and develop into camelia-shaped flowers. Extra fine for arrangements.
- MOONSTONE** 5.00
A translucent, blush pink double of great refinement and charm. The form is exquisite and the plant habit perfect. Equally adapted for garden and show; tremendously popular and in great demand.
- RENATO** 1.00
A much improved Felix Crousse, similar habits. Flower is larger and fuller, has wonderful cut flower qualities.

OUR 1956 INTRODUCTION

WALTER E. WIPSON

LeCygne X Frances Willard. Large rose type, white with a creamy blush center, foliage heavy and large, stalks very strong, medium height, late. Sensational. Wonderful garden and exhibition variety; fine substance. We have ten divisions to offer this year at fifteen dollars each.
